Exie Smith Publications, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In this, my second book, I go into detail as never before about ghosts, spirits, shadow people, orbs and vortices. An excerpt from the book: Working on the computer all afternoon I took a break and visited my social network page. Looking at different pages, someone had posted a picture that literally jumped off the screen at me. I was taken back at how much this picture spoke to me. I could tell by looking at the picture, which was someones home, that it was haunted. Preoccupied with the picture, I had not read the caption with the photo. Looking for help, what do you see in the photo? . I could not see any spirits with my eyes. I felt that something was there. At first I felt one spirit, a child, I thought. Then, I thought no but realized I was picking up a second spirit an adult, male possibly Native American. I found spirits in this woman s home, believed in what I was feeling and knew I had to have the courage to help her. On this paranormal journey one of my goals is to achieve a balance within myself while helping people find peace in their world. The book also contains the amazing experiences people have share with me, and with their permission sharing with you. I want you to know that you are not alone in your experiences. People all around you are seeing, hearing and feeling things from a different realm. Join me on my journey, see if any of it mirrors your life!.
