## ALFRESCO 3 ENTERPRISE CONTENT MANAGEMENT IMPLEMENTATION (PAPERBACK)

Packt Publishing Limited, United Kingdom, 2009. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Munwar Shariff is an experienced software trainer for CIGNEX Technologies Inc. He has trained many users, administrators, and developers in Alfresco and many other CMS systems. This book distils the hands-on approach of his training courses into a concise, practical book. The emphasis is on getting up and running fast and discovering the scope and power of Alfresco 3 incrementally through practical examples. This book is designed for system administrators, experienced users, and business owners who want to install and use Alfresco in their teams or businesses. Because Alfresco is free, many teams can install and experiment with its ECM features without any upfront cost, often without management approval. The book assumes a degree of technical confidence but does not require specialist system administration or developer skills to get a basic system up and running. Alfresco is particularly suitable for IT consultants who want or need to set up a flexible enterprise content management system for their clients, be that for demonstration, development, or as a mission-critical platform. This book gets you to that result quickly and effectively. Though this book is not a developer guide, various examples in the book will help developers to extend Alfresco functionality and to integrate Alfresco with external systems.
