Perhaps you simply want to sound smarter without hitting the books (except this one, of course!). Then this is for you. In this book, author Jenny Kellett has carefully selected over 100 words that met several criteria: Must not be overly pretentious (no one likes a smarty pants!) Must be useful in everyday speech Must make you sound smarter, but not like you re reading from a dictionary of obscurity Power of Smart Words Sometimes we underappreciate the power and importance of words; just imagine trying to communicate with each other without them.
