

Mockingbird Song Ecological Landscapes of the South

Filesize: 1.5 MB

Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Talia Cormier)

MOCKINGBIRD SONG ECOLOGICAL LANDSCAPES OF THE SOUTH

The University of North Carolina Press. Paperback. Book Condition: New. Paperback. 384 pages. Dimensions: 8.9in. x 6.1in. x 0.9in. The American South is generally warmer, wetter, weedier, snakier, and more insect infested and disease prone than other regions of the country. It is alluring to the scientifically and poetically minded alike. With *Mockingbird Song*, Jack Temple Kirby offers a personal and passionate recounting of the centuries-old human-nature relationship in the South. Exhibiting violent cycles of growth, abandonment, dereliction, resettlement, and reconfiguration, this relationship, Kirby suggests, has the sometimes melodious, sometimes cacophonous vocalizations of the regions emblematic avian, the mockingbird. In a narrative voice marked by the intimacy and enthusiasm of a storyteller, Kirby explores all of the South's peoples and their landscapes--how humans have used, yielded, or manipulated varying environments and how they have treated forests, water, and animals. Citing history, literature, and cinematic portrayals along the way, Kirby also relates how southerners have thought about their part of Earth--as a source of both sustenance and delight. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
