

The Archaeology of Ocmulgee Old Fields, Macon, Georgia (Hardback)

By Carol I. Mason

The University of Alabama Press, United States, 2005. Hardback. Book Condition: New. 2nd. 236 x 160 mm. Language: English . Brand New Book. Ocmulgee Old Fields near Macon, Georgia, is the site of a Lower Creek village and associated English trading house dating from the late 17th and early 18th centuries. It was excavated in the early 1930s as part of a WPA project directed by A. R. Kelly, which focused primarily on the major Mississippian temple mounds of Macon Plateau. The specific data for the Old Fields was not analyzed until nearly 30 years after the excavation. Part of the significance of this site lies in its secure identification with a known group of people and the linkage of those people with recognizable archaeological remains. The Old Fields site was among the very first for which this kind of identification was possible and stands at the head of a continuing tradition of historic sites archaeology in the Southeast. Carol I. Mason's classic study of the Ocmulgee Old Fields site has been a model for contact-period Indian archaeology since the 1960s. The report includes a discussion of the historic setting and an analysis of the archaeological materials with an...
