

Nevryona: or the Tale of Signs and Cities - Some Informal Remarks towards the Modular Calculus

By Samuel R. Delany

University Press of New England. Paperback. Book Condition: new. BRAND NEW, Nevryona: or the Tale of Signs and Cities - Some Informal Remarks towards the Modular Calculus, Samuel R. Delany, In his four-volume series Return to Nevryon, Hugo and Nebula award-winner Samuel R. Delany appropriated the conceits of sword-and-sorcery fantasy to explore his characteristic themes of language, power, gender, and the nature of civilization. Wesleyan University Press has reissued the long-unavailable Nevryonvolumes in trade paperback. The eleven stories, novellas, and novels in Return to Nevryon's four volumes chronicle a long-ago land on civilization's brink, perhaps in Asia or Africa, or even on the Mediterranean. Taken slave in childhood, Gorgik gains his freedom, leads a slave revolt, and becomes a minister of state, finally abolishing slavery. Ironically, however, he is sexually aroused by the iron slave collars of servitude. Does this contaminate his mission -- or intensify it? Presumably elaborated from an ancient text of unknown geographical origin, the stories are sunk in translators' and commentators' introductions and appendices, forming a richly comic frame."

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Camylle Larson**

It is easy in study better to understand. Of course, it is actually play, nonetheless an amazing and interesting literature. I am quickly could possibly get a satisfaction of reading through a published ebook.
