The Law and the Lady is a detective story, published in 1875 by Wilkie Collins. It is not quite as sensational in style as *The Moonstone* and *The Woman in White*. Valeria Brinton marries Eustace Woodville despite objections from Woodvilles family leading to disquiet for Valerias own family and friends. Just a few days after the wedding, various incidents lead Valeria to suspect her husband is hiding a dark secret in his past and she discovers that he has been using a false name. He refuses to discuss it leading them to curtail their honeymoon and return to London where Valeria learns that he was on trial for his first wifes murder by arsenic. He was tried in a Scottish court and the verdict was not proven rather than not guilty implying his guilt but without enough proof for a jury to convict him. Valeria sets out to save their happiness by proving her husband innocent of the crime. In her quest, she comes across the disabled character Miserrimus Dexter, a fascinating but mentally unstable genius, and his devoted female cousin, Ariel. Dexter will prove crucial to uncovering the disturbing truth behind the mysterious death. General Wilkie Collins earliest career attempt - to read for the bar - informed much of his later work, and he was particularly interested in the marriage, divorce and property laws of England and of Scotland - mysteries and miseries surrounding these laws serve as plot-points in many of his novels, such as the notorious trial of Madeleine Smith, who was accused of poisoning her paramour with arsenic (the verdict was Not Proven). In the novel, Collins attacks the Scottish courts for allowing these verdicts,...
