Lulu.com, United Kingdom, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Transitioning Your Aging Parent: A 5 Step Guide Through Crisis Change helps adult children and families navigate the many changes their aging parents will face. Dale Carter has developed a new framework, ADAPT, from her personal experience, her background as an educator and project manager, and a sincere desire to help families and their aging parents. Readers will learn how to use the framework, apply specific strategies, and seek out appropriate resources that are right for their situation. Personal stories are woven throughout to illustrate the concepts. Discover how to approach any crisis or change in your parent's life with clarity and confidence. It's almost as though you took all my years of training and managed to put order to it. The ADAPT method of caregiving will decrease stress and give great comfort to families in the eldercare world. My fear is that we can't get it out to people fast enough. P.K. Beville, M.S., Founder, Second Wind Dreams Geriatric Specialists.
