Central areas covered in the book include: A thorough exploration of the evidence for the psychological and healing potential of natural spaces; Developing a therapeutic rationale for nature based therapeutic work; Understanding the therapeutic relationship and the unique therapeutic processes that come into play in outdoor natural spaces; Translating indoor therapeutic work to outdoor contexts; The practicalities of setting up and running a therapy session outside of a room environment; Experiential exercises to explore the therapeutic potential of nature. Martin Jordan offers a clear outline of how to set up and hold a therapeutic session outdoors.
