AUTHORHOUSE, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A Sign For Life, derives from a glimpse into the future a pathway only God could open. It speaks of a vision which came to past and later developed into an orchestrated script with a horrific storyline. Visions are pathways to a purpose and while on this journey I realized more than ever that spiritual truths are far beyond sight or imagination. No matter what we know or what we may think power is, Gods power is manifested through the unseen and His glory is revealed in the midst of life impossibilities. When tested and released through personal and private pain I was lonely and yet realizing I was not alone, I was broken but only God could do the repairs. The challenge included the responsibilities of family, finance, and the aftermath of the storm. This powerful encounter of a night vision which stayed fashioned in the corner of my mind that is until, reality stepped in and took its place. This is not a writing of a medical journal, but it is of a medical journey, a vision which came to past, from the beginning to the ending. The end result, the Glory of God revealed!.
