Brand New Book ***** Print on Demand *****.The US Government created a black and white film during WW II to encourage farmers to grow hemp (also known as marijuana) for the war effort. There was denial of this film ever being made by the Government but now is in the public domain for anyone to see. It has been a joke to many advocated for marijuana, who say it proves the government just wanted control and has prevented the legalization for decades. This is a notebook that shows a promotional World War II poster, and the introduction to the film on the back cover. It is a great notebook that can be used for school, or as a journal, or anything else you might need to take notes. College Ruled (Medium Ruled) Paper 100 sheets / 200 writing pages Unique Reefer Journal Fantasy Horror Design on front back Use as Composition Notebook or Blank Journal Dimensions: 9 3/4 x 7 1/2 Primary Colors: Grey, White Black.
