Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Entering the World of Raised Bed Gardens From vegetables to flowers and various other plants, this eBook is all about the wonders of raised bed gardening for the beginner. You may have heard about raised bed gardening from a plethora of sources that surround you on a daily basis, but not everyone who talks about this method of agriculture is always aware of the brilliance that it brings to the world of everyday gardening. Fairly easy to maintain and construct, raised garden beds are ideal for places with abused, poor, or rocky soil. And the best part is that you don t need to be an expert at agriculture to reap the benefits that lay within this method of gardening. Within this book, you ll be introduced to the different ways of creating raised beds in different areas. You ll also be introduced to the various types of plants that can be grown within these beds, including flowers, fruits, herbs, and vegetables. The technical know-how provided in this book will enable you to grow practically anything in your own back yard. Understanding the particular guidelines mentioned in this eBook will not only aid you in polishing your raw gardening talent, but will also help you save loads of time that s usually wasted in practicing the wrong methods of home gardening. Thus, you ll become the master of your own garden in no time at all!.
